FLORENCE NIGHTINGALE AUTOGRAPH LETTERS.

(Property of Miss Euphemia Herbert, of Forfarshire.)

253

A superb 6-page quarto manuscript completely upon the subjects of Village and Cottage Hospitals, setting forth in a numbered questionnaire complete details. Her final words "... I am a woman, overwhelmed with cares and business and ill-health, business which for 15 years has never left me 10 minutes—ill health, incurable ... Should you finally decide on a Village Hospital and wish me to revise the plans I will gladly give them all the attention in my power," one of the finest MSS. ever offered

254

A fine 2½-page quarto letter on a Medical School and Money for Surgical Instruments, "... I hope by this time you have your authority for the Instrument Money. I have made another poke at the War Office"

255

A 4-page letter *re* the wounded of the contemporary 1870 War, "... There is an use which almost every lady can be of in this dreadful overflowing of wounded which has baffled all calculations ... Enough cannot be sent to the wounded on both sides ... In many of the Field Hospitals all appliances are wanting as well as a sufficiency of surgeons ..."

256

A magnificent 9-page letter upon the planning of a Hospital in Glasgow, with her detailed system of arrangement, "... The Forms for the eight heads mentioned in the note to page 2 of my 'NOTES' are under process of preparation by Doctor Farr, and we hope to try them quietly at our London Hospitals and to propose them at the next European Statistical Congress ... The heart breaking delays which have taken place about our Army Medical School are but too well known to you ... In the meanwhile we have not been idle about Army Sanitary Affairs ... Will you allow me to enclose a copy of the 'NOTES' for your friend, Doctor McGliver ... A little pamphlet which I wrote on Nursing (WHICH IS REALLY CONFIDENTIAL)" ... the first intimation of her work, "NOTES ON NURSING"

257

An 8-page letter to Doctor Quain, submitting his complaints of a Medical School to Sidney Herbert, "... But at present, whatever Nurses would learn at the Children's Hospitals, would have to be unlearnt--the Nursing is so bad. 200 cases are the annual average of admissions at St. Thomas's ... I know nothing about the Nursing at the Samaritan Hospital but I had fancied that at Soho Sq. better ... We do not at all intend to confine ourselves to one Hospital. This is only a tentative experiment ..."

258

A very fine 13-page letter to Doctor Farr *re* the equipment of a Medical Museum, etc., "... I make your case the stronger about the Assistant, would it not be well to state who is in charge of the Museum now? I presume there is someone beside a soldier ... Mr. Herbert made a note for the enlargement (temporary) of the Museum next year ... Captain Galton is coming down to you next week to hurry your repairs. Probably Sir I. Clark and Doctor Sutherland will go too ..."

259

A fine 8-page letter to Doctor Aikin about certain arrangements in one of his Hospitals, "... People talk of my 'terrible and unprecedented experience' in the Crimea—I say my 'terrible and extraordinary experience' in the War Office. Never could I have believed what I have seen of mismanagement in the last 4 years, of inefficiency, slowness, extravagance in administration, and want of unity, above all—no one knows what any one else is doing ..."

260

A 4-page letter to Doctor Kimpton upon Doctor Lyons' Report on the Yellow Fever of Lisbon, "... It seems to me very well done but I had wished the Government to send out an Engineer to that unfortunate City. Now all Doctor Lyons has told us is (not how it can be prevented but) what it has done, which he has told very well ... You have heard I dare say from Sir James Clark that the scheme of the Army Medical School has taken a further extension and is to embrace the Candidates for the Indian Medical Service as well as ours ..."

- 261 A 4-page private letter to Sidney Herbert, Lord Herbert of Lea, "... You will excuse my giving these hints which are founded upon my knowledge of the characters of the present S. of S. and D. G. The S. of S. can hardly be expected to look much into the minutes himself. He must take the interpretation given him by his accredited agent, the D.G. Now the D.G. has not the least idea of administrative unity. He would not hesitate to make annotations on the Senate's Reports—he being the Chairman. He is also vacillating—without intelligent principle—and always throws off his own responsibility upon his own Chief . . ."
- 262 A 4-page letter to Doctor Sutherland, "... The Glasgow Medical Journal was sent me. Dr. McGhie's article betrays either wilful misrepresentation or helpless hopeless ignorance of his own subject. It is impossible to answer. Many of his principal facts are wrong. I would instance those about the Lariboisiere Hospital. It is nothing but a defence of an indefensible mistake—and not very ably pleaded. The best thing that could happen to the Glasgow Infirmary (and what would save much human life) is that it should be burnt down. There will be no other safety for it. Almost all its air reaches it over burial-ground. Now the mistake has been tripled. But, depend upon it, Dr. McGhie knows all this just as well as you or I . . ."

FLORENCE NIGHTINGALE AUTOGRAPH LETTERS.

(Property of Miss Euphemia Herbert, of Forfarshire.)

253

253 16264
253-
A superb 6-page quarto manuscript completely upon the subjects of Village and Cottage Hospitals, setting forth in a numbered questionnaire complete details. Her final words "... I am a woman, overwhelmed with cares and business and ill-health, business which for 15 years has never left me 10 minutes—ill health, incurable ... Should you finally decide on a Village Hospital and wish me to revise the plans I will gladly give them all the attention in my power," one of the finest MSS. ever offered

254

A fine 2½-page quarto letter on a Medical School and Money for Surgical Instruments, "... I hope by this time you have your authority for the Instrument Money. I have made another poke at the War Office "

255

A 4-page letter *re* the wounded of the contemporary 1870 War, "... There is an use which almost every lady can be of in this dreadful overflowing of wounded which has baffled all calculations ... Enough cannot be sent to the wounded on both sides ... In many of the Field Hospitals all appliances are wanting as well as a sufficiency of surgeons ... "

256

A magnificent 9-page letter upon the planning of a Hospital in Glasgow, with her detailed system of arrangement, "... The Forms for the eight heads mentioned in the note to page 2 of my 'NOTES' are under process of preparation by Doctor Farr, and we hope to try them quietly at our London Hospitals and to propose them at the next European Statistical Congress ... The heart breaking delays which have taken place about our Army Medical School are but too well known to you ... In the meanwhile we have not been idle about Army Sanitary Affairs ... Will you allow me to enclose a copy of the 'NOTES' for your friend, Doctor McGliver ... A little pamphlet which I wrote on Nursing (WHICH IS REALLY CONFIDENTIAL)" ... the first intimation of her work, "NOTES ON NURSING "

(257)

An 8-page letter to Doctor Quain, submitting his complaints of a Medical School to Sidney Herbert, "... But at present, whatever Nurses would learn at the Children's Hospitals, would have to be unlearnt--the Nursing is so bad. 200 cases are the annual average of admissions at St. Thomas's ... I know nothing about the Nursing at the Samaritan Hospital but I had fancied that at Soho Sq. better ... We do not at all intend to confine ourselves to one Hospital. This is only a tentative experiment ..."

(258)

A very fine 13-page letter to Doctor Farr *re* the equipment of a Medical Museum, etc., "... I make your case the stronger about the Assistant, would it not be well to state who is in charge of the Museum now? I presume there is someone beside a soldier ... Mr. Herbert made a note for the enlargement (temporary) of the Museum next year ... Captain Galton is coming down to you next week to hurry your repairs. Probably Sir I. Clark and Doctor Sutherland will go too ..."

(259)

A fine 8-page letter to Doctor Aikin about certain arrangements in one of his Hospitals, "... People talk of my 'terrible and unprecedented experience' in the Crimea—I say my 'terrible and extraordinary experience' in the War Office. Never could I have believed what I have seen of mismanagement in the last 4 years, of inefficiency, slowness, extravagance in administration, and want of unity, above all—no one knows what any one else is doing ..."

(260)

A 4-page letter to Doctor Kimpton upon Doctor Lyons' Report on the Yellow Fever of Lisbon, "... It seems to me very well done but I had wished the Government to send out an Engineer to that unfortunate City. Now all Doctor Lyons has told us is (not how it can be prevented but) what it has done, which he has told very well ... You have heard I dare say from Sir James Clark that the scheme of the Army Medical School has taken a further extension and is to embrace the Candidates for the Indian Medical Service as well as ours ..."

- 261 A 4-page private letter to Sidney Herbert, Lord Herbert of Lea, "... You will excuse my giving these hints which are founded upon my knowledge of the characters of the present S. of S. and D. G. The S. of S. can hardly be expected to look much into the minutes himself. He must take the interpretation given him by his accredited agent, the D.G. Now the D.G. has not the least idea of administrative unity. He would not hesitate to make annotations on the Senate's Reports—he being the Chairman. He is also vacillating—without intelligent principle—and always throws off his own responsibility upon his own Chief . . ."
- 262 A 4-page letter to Doctor Sutherland, "... The Glasgow Medical Journal was sent me. Dr. McGhie's article betrays either wilful misrepresentation or helpless hopeless ignorance of his own subject. It is impossible to answer. Many of his principal facts are wrong. I would instance those about the Lariboisiere Hospital. It is nothing but a defence of an indefensible mistake—and not very ably pleaded. The best thing that could happen to the Glasgow Infirmary (and what would save much human life) is that it should be burnt down. There will be no other safety for it. Almost all its air reaches it over burial-ground. Now the mistake has been tripled. But, depend upon it, Dr. McGhie knows all this just as well as you or I . . ."
- 263 A 4-page letter *re* the transferring of the Chair of Hygiene from Netley, dated July 20th, '76
- 264 A very interesting series of 11 letters of 33 pages to Doctor McGliven, entirely upon medical matters of schools, museums, Indian Army, mentioning General Burgoyne, Sir James Clark, Sidney Herbert, Dr. Parkes, Dr. Sutherland, Dr. Thomson, etc., an important series
